23. From the replies received it is seen that the District Boards of Mysore, Chitaldrug and Kadur Districts are of opinion that the rates fixed for Provincial toll gates viz., Rs. 400 for buses and Rs. 200 for Motor cars may be adopted. The Kolar District Board are in favour of fixing composite fees at $1/4$ of the amount due on vehicles payable by them per annum calculated for each day.

24. The District Board of Tumkur is not in favour of composition of tolls on motor cars.

25. The District Boards of Hassan, Shimoga and Bangalore are not in favour of the composition of fee being fixed at the rates fixed for carts in G.O. No. 6000-7/L.B. 114-07-5, dated 21st December 1907. They do not say under what conditions they are prepared to compound. This may perhaps be ascertained.

26. Under Section 66(2) of the District Boards Regulation, a District Board may compound with any person for a sum to be paid annually or half-yearly in lieu of all such tolls, either generally or in respect of all roads and bridges in the District vested in the District Board. Composition ^{is now} left by the Statute to the discretion of the District Boards.

27. Submitted for orders with reference to the Second Member's minute in para 19. If it is considered necessary to compel the Boards to compound, the Regulation will have to be amended.

28) There was a lower rate prevailing under the rule of 1907. The question is whether the rate should be adopted or the rate of composition provided by the Provincial All India rules. Some of the District Boards have adopted the lower rate in accordance to the old rule of 1907. It is stated that the adoption of the low rate will materially affect the total revenue.

~~which~~ 29) The proposal of the Mysore Dist Bd to adopt the Provincial rate was meant to be discussed at the Dist meeting held on 24th/1/28. The subject was not discussed then. The pages 1-12 of the rules.

30) The Members considered that the Provincial rules are rather high for adoption by Dist Bd - vide para 15 of the rules. Hence the Depy Secy & Dist Bd were consulted. The opinion is not uniform. The majority are not in favor of the old rule.

The question of giving a lower rate than that provided by the Provincial rules is for consideration. It may be the old rule.

Subject. Fixing the Composition fee in respect of toll-gates
belonging to District Board.

Sir,

I have the honour to state that under Section 66(2) of the
District Board Regulation of 1926, the District Boards are permitted
to fix the composition fee in respect of toll-gates that belong to
them.

The Standing Committee of the District Board of Mysore at its
meeting held on 2-10-28 resolved that "the same fees as have been
sanctioned for State ^{fund} toll-gates may be adopted and the fee may be
allowed to the credit of the contractor as is done by Government".

The District Board at their meeting held on 6-10-28 approved of
the entire proceedings of the Committee including the above resolution
I may here ^{report} write for the information of the Government that the com-
position fee fixed in respect of State ^{fund} toll-gates is Rs. 200 per
annum for every four wheeled motor vehicle constructed to carry less
than ten persons and Rs. 400 per annum for every other four wheeled
motor vehicle. The same rates will be followed in respect of this
District Board toll-gates also.

I herewith submit for the information of the Government an extract
from the proceedings of the District Board meeting.

I have the honour to be,
Sir,

12-4-29.

Sir,

Under Section 66 (2) of the District Board Regulation of 1926 the District Boards are permitted to fix the composition fee in respect of toll-gates that belong to them. Government have directed in the Government order No. 6000-7/L.B. 114-07-5 dated 21st December 1907 that in the case of agriculturists and others, residing in the vicinity of District Fund Toll-gates, and who will be allowed the option of compounding for payment of tolls, the District Board shall fix ^{for} each cart a fee not exceeding 1/8th of the total amount of toll payable for one year if the cart passed the toll gate once every day. But there are no such orders passed as regards the composition fees to be paid annually in case of Motor vehicles.

In the circumstances, Government consider that the order of 1907 ^{the above rate of composition fee} referred to above may be applied to the motor vehicles also.

I am therefore to request you to place the matters before the District Board and forward their opinions on the subject ^{at a}

Sir,

Referring to your letter No.L.6819-26 L.B.118-28-2 dated the 12th April 1929 calling for the views of the Board in the matter of fixing the compounding fees in cases of buses to 1/8th of the annual fee due by them, calculating the fee leviabale per day, I have the honour to state that the question was considered by the Board in their meeting of the 2nd May 1929 and they were in favour of fixing the composition fee at 1/4th amount due on the vehicles.

2. Copy of their resolution No.68 is enclosed for the information of Government.

3. I am of opinion that even 1/4th amount now recommended, is very small seeing that the state fund toll composite fee works to more than 50 %. I would prefer the same rule being applied to District Fund tolls also

With reference to your letter No.L.6819-26/L.B.118-28-2 dated 12th April 1929, I have the honour to state that the matter was considered by the District Board at their last meeting. The Board have resolved that it is not necessary to apply the rate of Composition fee fixed in the Government Order of 1907 to Motor vehicles passing through the District Fund Tollgates, as it will reduce the income to a considerable extent. A copy of their resolution is submitted for favour of perusal.

Sir,

With reference to your letter No.L.6819-26/L.B.118-28-2, dated 12th April 1929 calling for the opinion of the Board in the matter of fixing the composition fees for motor vehicles, at the rates fixed for carts in G.O.No.6000-7/L.B.114-07-5, dated 21st December 1907, I have the honour to state that the question was considered by the Board at their meeting held on 30th November 1929 in detail and the Board resolved as follows:-

1. " The proposal now made is not feasible. It will materially affect the revenues of the District Board.
2. The Board further resolved that such composition will not give exemption in the other toll-gates for which composition has not been effected, which will apply only to the gate in respect of which the composition is effected."

It will be seen that as the Law stands, in respect of District Fund toll-gates, payment at one gate gives clearance in all District Fund Toll-gates in the District. As such composition in one would have a similar effect. Even as it is, much fraud is being practised by false receipts being obtained by a bus Proprietor at a gate very near to him, so as to defeat other toll-gate Contractors through which the bus has to pass, without any sort of reciprocity whatever. This possibility of a toll-gate contractor cheating the rest will have an adverse effect upon the annual sales and consequent upon the revenues.

It would therefore be better to leave each case to be decided on its merits by the Board itself.
